Alo, which opened in July of 2015, is a contemporary French restaurant located atop a heritage building in downtown Toronto. Our cuisine is internationally inspired and celebrates the finest seasonal ingredients paired with a genuine sense of welcome.

We are refiners: we take time-honoured comforts and seek to do them better than we did last time, evolving to make them ever more delightful.

Alo's private dining room is nestled on the second story of the same heritage building that houses Alo. Featuring a dedicated kitchen and bar, this intimate space accommodates groups of six to fourteen guests.

Above the window is a decorative pediment. The building is constructed of red brick with intricate carvings and a green-patina metal roofline. The lighting suggests late afternoon or early morning, with warm tones on the brick and a clear blue sky above.
